

ERIC ADJEI

SOFTWARE ENGINEER

PROJECTS

Database of NBA Championship Games

FALL 2021

Florida Polytechnic University

- Analyzed statistical data from NBA championship games to identify patterns and trends.
- Utilized R in RStudio to perform data analysis and visualization.
- Developed a comprehensive database to store and manage game statistics.

PORTFOLIO WEBSITE

- Designed and developed a personal portfolio website to showcase my interests, skills, and projects.
- Utilized HTML, CSS, and JavaScript to create an interactive and user-friendly interface.
- Published the website on GitHub pages to make it accessible online.

GID APP

- Developed a full-stack to-do list application for managing tasks efficiently. The app allows users to add, edit, and delete tasks, as well as mark tasks as completed. Implemented both front-end and back-end functionalities.
- Utilized Next.js, HTML, and CSS for the front-end; and Strapi for the backend.
- Published on Vercel

WORK EXPERIENCE

Pinellas County Utilities

JUNE 2024-PRESENT

Management Intern

- Researching and gathering of required data to evaluate plans.
- Interacting with subject matter experts.
- Coordinating project assignments.
- Interpreting project progress schedules and analyzing delays.
- Assist Section Manager, Senior Engineers, or Project Managers with assigned projects

The Home Depot

May 2022 - June 2024

Lot Associate

- Assist customers with safely loading products into their vehicles.
- Responsible for retrieving and organizing shopping carts from the parking lot.
- Maintain cleanliness and organization of the lot to provide a pleasant shopping experience for customers.

Chartwell Dining Services

August 2021 - May 2022

Server

- Provided attentive service to patrons at the Florida Polytechnic University Wellness Center, ensuring an enjoyable dining experience.
- Managed shift operations by supervising and assigning roles to team members, ensuring smooth and efficient service.
